

**Think of us not only for our exceptional conference space, but also for your most elegant events or your next holiday party!**

# CATERING

*Full service catering arrangement provides dining occasions which are light or lavish. From refreshing coffee breaks to delightful lunches to tasty receptions and exquisite banquets, you can count on us to meet your needs.*

**Option A– Select choices from our standard menu.**

We have created a menu which consists of our most popular selections. This is the stress-free choice for standard events. You simply choose from a variety of high quality, freshly prepared menu options and we handle the rest.

**Option B– Customize a menu.**

If our standard menu does not have what you hunger for, a personalized menu is another option. We can help you create customized menus, buffets and sit down meals which are perfect for every occasion.

**Option C– Make your own catering arrangements with food service providers who have filed their business licenses with the Center.**

You may elect to make your own arrangements for food to be provided by a caterer licensed by the county. Your responsibilities include: arranging for all servicing equipment, serving utensils, linens, eating utensils, plates, cups etc. Supervision of clean up and payment to the cater. The Center does not accept responsibility for food services arranged by our clients. There is a \$200 fee for use of our “caterer’s kitchen”.

**Caterer’s Kitchen:**

- Convection Oven
- Warmer
- Microwave
- Refrigerator / Freezer
- 4 Stainless Steel Work Tables
- Dishwasher
- Three Compartment Sink
- Ice Maker

**We take care of your catering so you can concentrate on your event.**
